

The California Association for Licensed Professional Clinical Counselors (CALPCC) invites you to become a member. Check out the benefits below:

## ADVOCACY

- Representation of LPCCs at BBS board and committee meetings
- Legislative advocacy in Sacramento and monitoring of other bills which might affect the LPCC
- Toolkit for advocacy to promote understanding of the LPCC to employers, other organizations, and to people that we work with

## NETWORKING

- Access to the Regional Networking Group in your area – an excellent way to network with colleagues in the field for food, fun, and professional development through continuing education opportunities

## EDUCATION

- Access to Educators' Consortia, where counselor educators can discuss LPCC curriculum
- Access to a range of continuing education providers that partner with CALPCC
- Consultation, guidance, and updates on LPCC law, license rule, and regulatory changes

## PRIVATE PRACTICE

- Access to a leading expert in private practice building: Anthony Centore, CEO of Thriveworks, a successful practice with locations across the country
- Discounts available for professional liability insurance through HPSO
- Coming soon: a revamped private practice interface with information for private practitioners on starting a practice, ethical considerations, forms, insurance paneling, and billing resources

## AFFINITY

- Discounts available for students, new graduates, and professional members on professional liability insurance through HPSO
- Members-only rates for CALPCC Conferences and Continuing Education
- Simple Practice: manage your practice efficiently and effectively with special promotions from this online practice management software
- Associate members will enjoy special offers from a leader in online supervision: Motivo

**By becoming a member and supporting CALPCC, you are joining a growing organization with the mission of:**

- understanding the ongoing needs of LPCCs,
- continued advocacy at the state level on issues facing LPCCs, and
- providing ongoing networking, training, and community building activities.
